

ARTICLES IN THE TALLOW LIGHT

Volumes 1 through 34

1966 THROUGH 2004

The Tallow Light is now an extensive repository of historical information for Washington County. Since the number of articles grows with each new issue, writers and researchers have a growing need to check what, if anything, has been previously written on a given subject. Referencing back to previous articles on related subjects is great feature as is avoiding redundancy.

This listing evolved over a number of years and is both inconsistent and cumbersome. However, with a bit of perusing, it should be a useful tool.

D. Lenington

1/27/2006

6/16/2022: We have scanned this document into a Word File to be uploaded to the WCHS website. There are a some issues with the format that did not scan quite right. But hopefully it is still useful.

Rob Gorrell
